1 Introduction and Background

1.1 About Surat

Located in western part of India in the state of Gujarat, Surat is referred as the silk city and the diamond city. It has the most vibrant present and an equally varied heritage of the past. Surat is also known as economic capital of Gujarat and is having one of the highest growth rates amongst Asian cities. As per the Census 2011, it is the eighth largest city in the country with population of 4.48 million population. On the scale of population growth, Surat is the fastest growing city in Asia and holds 4th rank in the world. On the economic front, Surat holds top most position with highest per house-hold income in the country.

Surat has also been selected as one of twenty Indian cities (in the first round of selection) to be developed as a smart city under Smart Cities Mission.

1.2 About Surat Municipal Corporation

The Surat Municipal Corporation (SMC) has responded to the challenges of fastest population growth and high speed economic development by adopting the best urban management practices. The administration of SMC with the help of the people and elected members of the city has transformed Surat to one of the cleanest cities of India. SMC has taken all necessary steps to make the city a better place to live with all amenities. SMC has taken up many path breaking initiatives and these efforts have been acknowledged at national and international level.

Utilization of Information Technology (e-Governance)

SMC had harnessed the power of IT before it became ubiquitous and a necessity for organizations of its nature and size. SMC is one of the few local self-government to adopt computerization in its early phases and use it for better governance, improving operational efficiency and increasing ease of interaction with citizens. SMC has initiated various e-Governance and m-Governance projects. The same have been recognized at national/international level. Following is the list of awards received in recent past:

- Express IT Award 2015 (Bronze) For SMC Mobile App
- Vodafone – Mobile for Good Award 2014 to Citizen’s Connect – SMC Mobile App
- Skoch Order-of-Merit to Citizen’s Connect – SMC Mobile App
- mBillionth Award South Asia 2014 to Citizen’s Connect – SMC Mobile App
- HUDCO Award for Best Practices to Improve the Living Environment 2013-14 for Mobile App & Virtual Civic Center (Online Services)
- Skoch Gold Award & Order-of-Merit for use of e-Governance in Improved Service Delivery
- The Janaagraha G2C Award 2012 for Best website under the category “Transparency and Accountability”
- City Civic Centre won the National Award for e-Governance 2007-08 (Bronze) for Outstanding Performance in Citizen Centric Service Delivery
• Golden Jubilee Memorial Trust Awards 2007-08 for Outstanding Utilisation of Communication & Information Technology from Southern Gujarat Chamber of Commerce
• The Grievance Redressal System awarded the Best Practice Award by CMAG & FIRE[D]
• Certificate of Merit by NIUA – FIRE(D) for the best website in the year 2001

1.3 About Surat Smart City Development Ltd (SSCDL)
As per the GoI guidelines, Surat Municipal Corporation has formed a separate Special Purpose Vehicle (SPV) as Surat Smart City Development Ltd. (SSCDL) for the implementation of projects under the Smart City Mission for the city of Surat. This SPV shall carry end to end responsibility for vendor selection, implementation and operationalization of various smart city projects.

1.4 Project Background
a. The Smart Cities Mission (SCM) of the Government of India, promotes cities that provide core infrastructure and give a decent quality of life to its citizens, a clean and sustainable environment and application of ‘Smart’ Solutions. Such Smart Solutions include ICT interventions for e-governance, online government services, and for improving the efficiency of core services at a relatively lower cost. These build upon the IoT (internet of things) that allows exchange of data over a network, between objects and devices, allowing analysis of real-time data that can be used to usher in a new wave of transformative digital services in cities and enhance citizen services and quality of life.

An indicative list of ICT-based Smart Solutions is provided in the Mission Guidelines and is given in Section 5.1 for reference.

b. While several such smart solutions have already been proposed by cities as part of their Smart City Proposals, the sector is still in a nascent stage and there is enormous scope for large scale innovation to meet the emerging needs of the sector. In this context, the Ministry of Urban Development has launched a scheme for “Promoting Innovative Smart Solutions under Smart Cities Mission, AMRUT and Swachh Bharat Mission”. The scheme will provide funding support for industry-sponsored, outcome-oriented projects focused around the needs of ULBs under the Smart Cities Mission, AMRUT Mission and Swachh Bharat Mission.

1.5 Project Objectives
The project objectives broadly are as follows:

a. To provide a fillip to the development of new and innovative Smart Solutions that directly impact the needs of cities
b. To ensure availability of funding for practice research of direct relevance to the outcomes desired under the Missions
c. To make available a large body of pilot-tested and proven Smart Solutions that can be adopted by cities as per their specific needs
d. To promote a culture of innovation within the urban sector

1.6 Essential Features of Project Proposal
a. The scope of the project should be restricted to ICT-based Smart Solutions
b. The project must have a component for pilot testing of the smart solution in the city (size of the proposed pilot and reasons for the same must be mentioned in the Project Proposal)

c. The projects should be designed in a maximum period of 24 months from the date of announcement of Selected Proposals

d. All activities proposed under the projects including R&D activity and completion of pilots should be planned within this period

e. The proposal should clearly mention the specific needs of the city, availability of supportive environment, relevance to the Smart City Proposal of the city etc.

f. The proposed solutions should address specific needs of the citizens (as brought out during citizen consultations undertaken as part of the SCM)

g. There should be clear innovative outcomes from the project

h. The solutions should be amenable to replication and scale-up upon successful demonstration of ‘Proof of Concept (PoC)’

i. The technology proposed to be used should be general and non-proprietary wherever possible. Reasons for choice of technology should be clearly specified as part of the proposal

1.7 Description of Bidding Process

a. Surat Smart City Development Ltd. (SSCDL) has floated this Expression of Interest intending to seek Innovative Smart Solutions to improve quality of life of citizens and to implement solutions for various urban problems. In context of achieving smart solutions we are inviting Bidders as Research and Industry Partners to promote implementation and use of smart solutions.

b. Bidders (Research and Industry Partners) will have to submit their proposals as per the required details of this document within the due submission date. Then if the authority is satisfied with proposed innovative smart solutions and funding pattern, selected solutions will be presented to state and central government authorities. And accordingly bidders will be intimated for the further work and schedule.

Sub.: Selection of Research and Industry Partners for Innovative Smart Solutions
Ref.: SSCDL's EOI no. SSCDL-EoI-01/2017-18

Dear Sir,

Having examined the EOI, the receipt of which is hereby duly acknowledged, we, the undersigned, offer to provide the professional services as required and outlined in the EOI for the “Selection of Research and Industry Partners for Innovative Smart Solutions”.

We attach hereto our responses to pre-qualification requirements and technical proposals as required by the EOI. We confirm that the information contained in these responses or any part thereof, including the exhibits, and other documents and instruments delivered or to be delivered to SSCDL, is true, accurate, verifiable and complete. This response includes all information necessary to ensure that the statements therein do not in whole or in part mislead the department in its short-listing process.

We fully understand and agree to comply that on verification, if any of the information provided here is found to be misleading the selection process, we are liable to be dismissed from the selection process and legal action. We agree that you are not bound to accept any EOI response you may receive. We also agree that you reserve the right in absolute sense to reject all or any of the products/services specified in the EOI response.

It is hereby confirmed that I/We are entitled to act on behalf of our company/corporation/firm/organization and empowered to sign this document as well as such other documents, which may be required in this connection.
